Appeal for Relief of War Sufferers

The regular monthly meeting of the Needlework Guild will be held at the home of its president, Mrs. Robert Brown on Tuesday afternoon, February 1st. All members are urged to be present as an earnest appeal has reached the society from National headquarters asking the local branch to assist in the work of making garments and bandages for the wounded solders and other sufferers of the great war.

The continued appalling conditions in Europe has made it imperative that this appeal from headquarters should go forth to every member of the Needlework Guild of America that immediate steps may be taken for the relief of the sufferers. All war garments will be sent through the agency of the American Red Cross.

Mrs. Archer Kincaid has been appointed chairman of this branch of the work and definite plans will be made at once.

The holiday season just passed marked a most encouraging beginning for the new society. Three hundred new, warm garments were distributed to needy ones in our midst and twenty-five families were given a realization of the Christmas season.

A shoe fund of $26 was also raised and this will be expended by the president, Mrs. Brown, as local needs arise.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Half Million More in Equipment

The Pacific Coast Steel Company of South San Francisco has announced its plans to add $500,000 to its investment at that place. The company for some time has been unable to fill its orders notwithstanding the fact that the plant is running night and day. Yesterday the contract was closed for the installation of two sixty-ton open hearth furnaces, which will increase the daily capacity of the plant to 600 tons and at the same time the contract was signed for the construction of a thirty-six-inch blooming mill, which will be able to roll structural steel beams up to fifteen inches in depth. "We are employing close to 500 men now," J. B. Leonard, an official of the company who maintains a beautiful home at Menlo Park, said yesterday, "and when the additions to the South San Francisco plant are complete we will need 150 more men. We have been operating the pioneer open hearth furnaces on the Coast, and we will now be able to make the first fifteen-inch structural steel that has been rolled here."

Fire Company Elects Officers

The first meeting and reorganization of company 4 of the volunteer fire department was called to order by fire chief Ryan Tuesday evening at the firemen's headquarters. Eric Thompson was nominated and unanimously elected permanent foreman. R. D. Sheehy was nominated and elected secretary-treasurer. For the offices of assistant foreman and second assistant foreman, R. Lombardini and L. E. Mullen were respectively nominated and elected. The offices of fire warden being appointive, Oscar Sahlberg and Clifton Woodhams were named. Frank and Eric Thompson will represent the company at meetings of the fire department. The membership of the company was limited to twenty-five members exclusive of the honorary roll. Fines will be imposed on active members for nonattendance at meetings. The secretary was impowered to collect such fines to be use for current expenses.

Working to Fullest Capacity

Another indication of the prosperity which is already marking 1916 as an epochal year in California and Redwood City is the fact that the Frank Tanning Company in this city, which is the largest institution of its kind in the west, is running to its fullest capicity. Much difficulty is experienced by the concern to fill the large orders it is receiving from all parts of the world. The demand for the product of the Frank Tanning Company is rapidly increasing particularly in the Orient where the leather finds ready sale. The tanning company hires none but the most skillful mechanics, buys the best raw material and manufactures the very finest leather. Over 200 men are now employed at the plant and more will soon be put on.

Duck Season Closes Monday

The duck season will close on next Monday. Hunters have been out all week on the local marshes and some big bags of widgeon, canvass back and teal have been brought to town. The season was considered good by nimrods as the flight from the north during the past two weeks was very large, affording splendid sport to all. A party of hunters consisting of Andrew Gilcrest and Fred Simmons of Halfmoon Bay and Judge Lampkin, James Logan, David Flynn and Will Carnduff left on Wednesday for Dumbarton marshes across the bay and returned late last evening with over a hundred ducks. They report the birds to be quite plentiful in that locality.

Funeral of Clarence D. Hayward

The funeral of the late Clarence D. Hayward was held at the Masonic Hall last Monday morning and the services were conducted with all the solemn usages of the order. Past Master W. H. Crowell in a most impressive manner spoke the burial service assisted by Rev. C. H. Stevens, chaplain of the lodge. Friends from all sections of the County were present and their number, the beautiful floral offerings and the general feeling of sadness which pervaded the assemblage were tokens of the love and esteem in which the deceased was held. At the conclusion of the service here the remains were taken to Cypress Lawn cemetery, where the Christian Science burial service was held and the body cremated.

At the Methodist Church

Sunday morning at 11 o'clock the pastor will speak on "How to Enjoy Our Work," and at 7:30 on "Why do Men Sin?" Everybody is invited to this "Home-Like Church."

B. HAYWARD, PIONEER DIES A WEEK AFTER HIS SON

Was Familiar With This Section Before Settlement Began

Only surviving his son a little less than a week, B. Hayward, the well known pioneer lumber man, passed away Thursday afternoon at the home of his daughter, Mrs. David E. Moore of this city following a lingering illness of several months during which time he was tenderly cared for by his daughter and his deceased son. He has been constantly calling for his son, Clarence, since the latter's death and on last Sunday a mutual friend of the family broke the sad news to him. Though saddened by the tidings yet he received it calmly and philosophically. He knew death was near and calmly awaited the end.

Hayward was born in New Hampshire in 1831 and came to California by way of the Isthmus arriving in California when a little more than 21 years of age. This was in 1851. He associated himself in the contracting business with David Hawes, who recently died in Southern California. Young Hayward leveled the sand hills where the Palace Hotel now stands and graded the streets in that vicinity and cleared the site for the old city hall. He was a member of the Vigilantes in the old days of San Francisco that had much to do with clearing the city of the tough element. In 1864 Mr. Hayward came to Pescadero. At one time he conducted a shingle mill, a grist mill and lumber mill near that place. Later he was the owner of a lumber yard at Redwood City.

For many years Mr. Hayward was a man of big affairs of the county. He was the oldest Odd Fellow in the State having joined a San Francisco lodge in 1852. His funeral will take place under the auspices of Bay View Lodge of this city today, the funeral leaving the James Crowe Chapel in time to take the 1:05 o'clock train for Cypress Lawn cemetery where services will be held in the chapel there by the lodge of Odd Fellows. The remains are to be cremated.

Mr. Hayward is survived by two daughters, Mrs. D. E. Moore and Mrs. Walter Ray. When the new court house was completed in this city Hayward was invited to speak on pioneer days at the celebration which took place on July 4, 1910. Among other things he said:

"Much to my surprise I was asked by your committee on programe to be one of the speakers at this day's celebration—the subject given me being the past and present of San Mateo County.

"In speaking to you of the past I will try to paint to you a work picture of some of the scenes of my experiences in those early days. On the 16th day of November 1851 I landed in San Francisco. In '52, wishing to see something of the country adjacent to San Francisco I took a trip to Santa Clara County coming out Kearney street to Market across Market through a deep cut in a high sand hill down Third street to Mission out Mission to Sixteenth street over a plank road then the only outlet for teams from the city, over a very rough road to the sand hills to about where Baden station now stands, and on to where Easton now is, where stood an adobe house with numberless children, dogs and Indians about it. Then on to San Mateo where on the north side of the creek there was only one house, a two story adobe and a short line of rail fence, the first and only fence I had seen on the route from San Francisco. On the west side of the creek, a hotel and outbuildings, the only buildings that I could see where now stands the City of San Mateo.

"Then on to Redwood City under the shade of the oak trees through droves of wild cattle roaming at will. Where Redwood now stands I could see but one small house which stood I think about where friend Chamberlain's store now stands. From there I went to the Puglas ranch where there was a hotel and quite a body of land fenced in. This is a short sketch of your part of the country as I remember it in '52. Look now at the changes the past 58 years have wrought. Here stands the stately Court House, the fine school buildings thronged with happy children, the beautiful Carnegie Library, the fine stores, beautiful homes and smooth streets. The adjacent parks once an unfenced pasture for wild cattle, laid out with level streets and dotted with pretty homes, where once there was a mere trail or pathway leading south. Now the trains thunder past almost incessantly. At that time of which I am speaking what is now San Mateo County was a part of San Francisco County as far as San Francisquito Creek."

MAIN STREET AND BROADWAY TO BE IMPROVED

Five Inch Concrete Base and Asphalt Top For Main Arteries

At a short adjourned meeting of the town board Monday evening, plans specifications and estimates for street work on Main formerly Mound street and on Broadway from the Southern Pacific right-of-way to the State Highway were accepted. Both pieces of work are very important being on streets which are the main entrances to town and they will be improved in the best possible manner. The plans call for a 5-inch concrete base with 1½-inch asphalt wearing surface. The streets will have an eight inch crown. Permanent culverts where ever necessary will be installed. Those on Main street will carry the water past the property line on side streets leaving the sidewalk crossing clear and dry.

Resolution of intention for this work were introduced and adopted and are published in other columns of this paper. Monday evening, February 21st was set as the day of protest on the contemplated street work. The meeting will be held in the town hall at 7:30 o'clock.

The board ordered four copies of Mr. Price's new city directory for the use of the town clerk, marshal and superintendent of streets. A copy will be placed in the fire house on Main street.

Joe Nash For State Senator

We note with pleasure that County Clerk Nash has announced himself as a candidate for State Senator. Not that we wish to lose him as our county clerk but we feel that he is deserving of advancement in the political world and that he will make a record in the State Senate. The people of this county want the Senator this year year. We are entitled to it, and with Nash in the field defeat is not in sight for us. Joe opposed us in our fight for governor but he backed a winner and a good man and we hold nothing against him. Nash is as good a Republican as any of us in national affairs and we wish him luck as our next Senator.

OIL LAND DISPUTE MAY RAISE PRICE OF ILLUMINATING GAS

Use of Coal Instead of Crude Oil Will Increase Cost of Production

Gas consumers will be forced to pay more for their supply if there is a curtailment of the California oil fields, according to John A. Britton, vice president and general manager of the Pacific Gas and Electric Company who maintains a palatial home in Redwood Highlands.

Discussing the Government's attempt to take over developed California oil lands representing nearly 30 per cent of the State's total oil production, Britton said yesterday:

If the Government takes over this land it will spell disaster for the gas business of California. San Francisco's annual gas bill amounts to $4,000,000, paid by about 100,000 consumers. The increase that would be necessary would be at least 10 per cent of the consumer's bill.

There is no bituminous coal in California. Before the discovery of oil the consumer paid about $2 a thousand feet for gas. He now pays 85 cents. A reduction of the available oil supply such as is now imminent could not fail to be destructive to the gas business of the State.

We would be compelled to return to the use of coal for the manufacture of gas. This would mean that the cost to the consumer would be at least three times what is charged now.

PESCADERO NEWS

Mr. Piera, the San Francisco merchant who has been under the care of Dr. Thompson at the St. Francis Hospital is now well and able to attend to his business again.

Deputy Sheriff Coburn took a woman to Redwood City last week who acted in a queer way while in town. She took a horse and cart belonging to a Japanese and started to drive out of town. When arrested she could not give her name or the names of any of her relatives, neither could she give the name of the place where she lived. She was not under the influence of "Pescadero Whiskey" as a certain correspondent for a cosat-side paper would have us believe but was simply in a pitiful condition when taken into custody and taken to Redwood City where she was given proper treatment and care.

Mr. and Mrs. Walter Ray went to Redwood City Saturday. Mrs. Ray was a sister of the late Clarence Hayward and the heartfelt sympathy of all are extended to her in her great loss.

Joseph Amaral went to the city to be operated upon for stomach trouble. Dr. Thompson was in attendance. We are glad to report that the operation was very successful.

Carl Coburn and Manuel Goularte are in San Joaquin County this week on business.

Mr. Eaton has imported a lot of New Zealand oats and is going to try them on the coast this year. If the trial proves a success it will mean a great thing for the farmers of this section as the grain is very heavy and much superior in quality to what has been grown in this country.

Mr. Rease was a visitor in Halfmoon Bay last Wedneday.

Dr. Murphy, the Santa Cruz dentist made his regular visit to Pescadero last week. He will be with us again next week.

Cy Williamson, our enterprising merchant had twelve tons of freight hauled from San Mateo last week as the Ocean Shore railroad is expected to be out of condition for another week and the goods were needed right way.

Word has been received from A. A. Coburn that he will return to Pescadero some time next week after a few months visit in Massachusetts.

William and Eli Moore were in Santa Cruz last week on business connected with the estate of the late Thomas Moore.

E. P. Gayetty wishes us to announce that be will give us good weather after the first of next month. He says he wanted the farmers to rest during the month of January but that now they must get to work and put in their crops.

COAST SIDE ITEMS

William J. Cunha of Halfmoon Bay has brought an action in the superior court against John Cuneo to recover the sum of $1,269.75, alleged to be due for labor performed and material furnished defendant for planting and farming his ranch at Halfmoon Bay. Plaintiff claims that the work was done for Cuneo during the past year and that he now refuses to pay the indebtedness. J. J. Bullock is the attorney for plaintiff

The many friends of Harry Hall were delighted to hear of his appointment last week to the principalship of Halfmoon Bay school. The young professor was greeted with congratulations upon his return Saturday after his first week's work. He speaks highly of his school and the community in which his future career is to be cast.—Corte Madera correspondent to the San Rafael Independent.

Halfmoon Bay is still without railroad connections with the outside world—a condition not unusual in the rainy season. A big slide at Mussel Rock—said to be the biggest that yet occurred, has very effectively barred all traffic to the south of that point and trains no longer reach even Farallone. The company is really in dire straits. At the point referred to it is between a moving mountain of exceedingly loose earth and the hungry sea, with the prospect of being overwhelmed by the former or engulfed by the latter. Surely, it's Cucuracha on a smaller scale and with added thrills.

Mr. and Mrs. R. E. Wall at the Ocean Shore depot are patiently awaiting the arrival of company carpenters to fix up living apartments for them. When Mr. Smith was agent, he had his own cosy cottage near the depot. Mr. Walden, during his incumbency, lived in the Dannegger property, fully a half mile distant. Now the company has decided to provide living accomodations for its agent in the depot building and will transform the baggage room into living rooms.

Misses Bare and Shaw entertained Misses Mowry, Gilcrest and Martin, and Messrs. MacMillan, Campbell and Francis Cardoza, Mr and Mrs. M. J. Bettencourt Wednesday evening. They first went to the movies, then to the hotel for refreshments and later they danced until the party broke up.

Mrs. A. M. Barnett Dies in Oakland

Mrs. Alice Mason Barnett, a former resident of Redwood City, died in Oakland last Saturday while undergoing an operation for appendicitis. Mrs. Barnett was the eldest daughter of the late Dr. Gilbert T. Mason and came to this place as a girl. She had an exceedingly sweet voice and sang at most of the entertainments given in the early nineties. She married Richard Armstrong, an employee of the Frank Tanning Company and a few years after Mr. Armstrong's death which occurred in 1896 she married J. F. Barnett. The funeral took place on Tuesday and was under the auspices of the San Francisco Church of Christ Science. The remains were cremated and interred at Cypress Lawn cemetery. Mrs. Barnett was a native of Missouri aged 46 years.

WHY NOT?

The grand ball to be held February 19th, in Foresters' Hall by the Young Bachelors, promises not to be a success as have all the past events that they have not held. The Young Bachelors do not advertise their dances from one end of the peninsula to the other and they are not liked by everybody. Just for curiosity sake, do not attend the dance as a spectator so that you will not see a merry crowd. Mullen's Orchestra will not play the "So Long Letty" chorus, "Beach at Waikiki" and other unpopular music. At least these are not the rumors that have been published in our own "town talk," but not at a late hour last evening, upon being interviewed by a Times-Gazette reporter, one of the Young Bachelors said that he had not a word to say on the matter, not that he would speak later, but that the Young Bachelors would vindicate themselves at that grand ball.

Editor's note: It seems that the above article got mixed with our weekly report of marriages and we apologize for having made mention of the knots in the wrong article; it being too late to set up something else in its place, the management feels that a blank in place threof would not look any better than the hot air blank that it is

To Please the Palate
is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.

Prince Albert is such friendly tobacco

that it just makes a man sorry he didn't get wind of this pipe and cigarette smoke long, long ago. He counts it lost time, quick as the goodness of Prince Albert gets firm set in his life! The patented process fixes that—and *cuts out* bite and parch!

Get on the right-smoke-track soon as you know how! Understand *yourself* how much you'll like

PRINCE ALBERT
the national joy smoke

It stands to reason, doesn't it, that if men all over the nation, all over the world, prefer P. A. that it must have *all the qualities* to satisfy your fondest desires?

Watch your step!
It's easy to change the shape and color of unsalable brands to imitate the Prince Albert tidy red tin, *but it is impossible* to imitate the flavor of Prince Albert tobacco! The patented process protects that!

Men, get us right on Prince Albert! We tell you this tobacco will prove better than you can figure out, it's so chummy and fragrant and inviting all the time. Can't cost you more than 5c or 10c to get your bearings!

Buy Prince Albert everywhere tobacco is sold—in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—in that classy crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such great trim!

WOMAN'S CLUB HEARS TALK ON ROMANCES OF CALIFORNIA

The regular meeting of the Redwood City Woman's Club was held last Thursday afternoon. After a short business meeting Mrs. George A. Merrill introduced the speaker, Geo. W. Barron, curator of the museum at Golden Gate Park. He gave a very interesting address on "Romances of early California." In his talk he dwelt on the discovery of California, the coming of Marshall and his discovery of gold. He then told of the romances of great men like Sherman, who fell in love with a Spanish maiden, and many other well known in history. Altogether, it was a very instructive and interesting address, greatly enjoyed by the club members.
